We are listing two model KT-3 Kristi Snowcat's in two different auctions. Please view auction. The other auction is for a complete and working machine with trailer.

This auction is for serial # 137 complete, purchased as a parts machine, in unknown cc

Machine 137 is complete and sold for parts only. It may be a workable machine, just I tried to get it going.

These two snow machines were manufactured by Kristi during the mid 1960's.

The transmissions are manual, 8 speed forward and 4 speed reverse.

Steering is by breaking the left or right track.

The engines are air cooled Volkswagen 4 cylinder.

During operation the operator may elevate the body hydraulically 10" to 12" from the position to accomplishing a sledding effect while propelling through powder snow.

Under stable snow conditions this machine will transport three passengers plus the operator while pulling a flat bed equipment trailer.

The transfer of the snow machine is via Bill of Sale.
